Design Skill Set

UI/UX Design – End-to-end design from research to final UI, solving problem statements.

Components & Systems – Auto Layout usage, reusable component library creation.

Icons & Illustrations – Custom graphics to enhance product experiences.

Visual Design – Social media posts, carousels, brochures, and other marketing collateral.

Brand Consistency – Ensuring unified design language across Zoho RPA marketing materials.

Web Design – Designing pages for Zoho Creator, Vertical Solutions, RPA, and AppCreator.

Video Design – Creating engaging design slides for product video content (Zoho QEngine, Zoho RPA).
